The City will agree to collect custodian emails from within these time frames, to the extent it is reasonably available, and apply the search terms set forth below. Following a reasonable and diligent search, the City was unable to identify potentially relevant custodians in the Mayor's Office given the lapse of time and turnover in administration. The City is willing to agree that if it identifies Mayor's Office custodians through this ESI review, it will apply the same search terms agreed upon herein, assuming that the ESI is reasonably accessible and yields a reasonable and proportional amount of ESI for review.
